

Old World Epochs

A simple league system to enjoy Warhammer: The Old World with your community.

Play **four games over a two month cycle** and tally the achievements overleaf. Points are awarded for battle prowess, insane bravery and community building.

Each cycle has a unique theme, encouraging players to try new scenarios, field different army lists and push their hobby in interesting directions.

The player with the most points at the end of each cycle is crowned winner, earning their name in the annals of history (and likely the Book of Grudges).

How to Play

The first cycle will last from the **1st April to 31st May**. Register interest in your community by posting this and inviting pledges.

Download a points tracker at:

<https://www.rollforwounds.com/epochs/>

Remember, points are scored in four games only. Play anyone you like, anywhere you like - though it might be exciting to match with fellow pledgers.

At the end of the cycle, share your score with your community. Bathe in glory, pine for your defeats, then ready yourself for a new and interesting cycle!

Happy wargaming!
